« It's simply the highest quality beach wheelchair at the most affordable price. »

F2A PRM

AMPHIBIOUS WHEELCHAIR

FLOATING BEACH WHEELCHAIR

F2A PRM AMPHIBIOUS WHEELCHAIR makes it easy for wheelchair users to join in on the fun and enjoy the outdoors to the fullest. With floatable armrests and large wheels, it smoothly moves from the beach right into the water. Whether you're relaxing in the ocean or floating in a pool.

F2A PRM AMPHIBIOUS WHEELCHAIR lets you soak up the sun, splash around, and make lasting memories with the people you love.

COMFORT THAT GOES WHERE YOU GO

F2A PRM AMPHIBIOUS WHEELCHAIR is designed for anyone looking to enjoy the outdoors with more comfort and ease. With a supportive, reclinable seat and a stable, floatable design, it moves smoothly across sand and into the water. Whether you're at the beach, lake, or pool.

F2A PRM AMPHIBIOUS WHEELCHAIR helps make more places feel welcoming, and more moments relaxing, fun, and accessible to all.

RECLINE AND ROLL WITH EASE

F2A PRM AMPHIBIOUS WHEELCHAIR features a three-wheeled design with a comfortable, ergonomic seat that keeps users in a relaxed, reclined position. The seat offers three adjustable positions: One for easy transfers into the chair, and two reclining options for comfort on land or while floating. Adjustments are simple with a quick pull of the chain on the back, so you can enjoy the ride and the water without hassle.
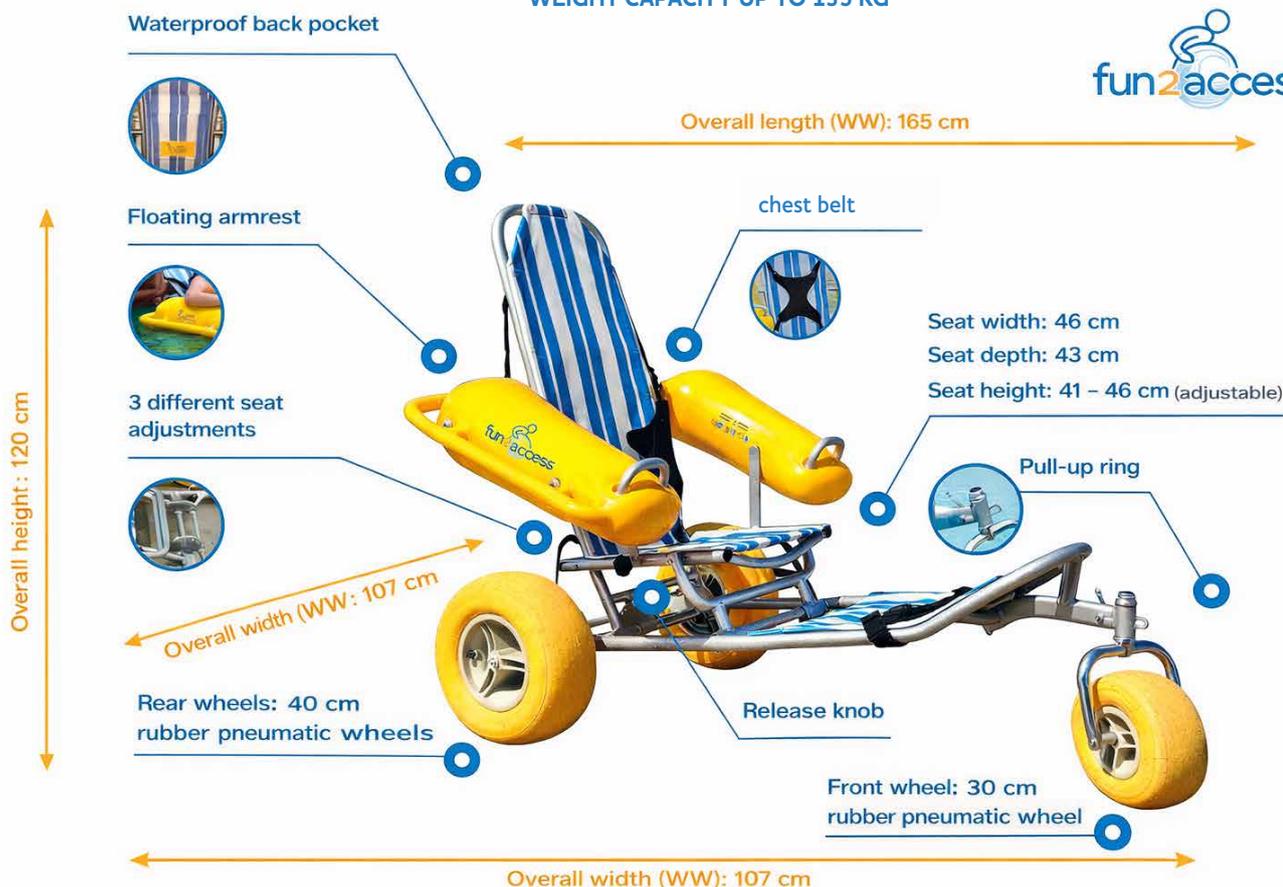

QUICK SETUP AND EASY STORAGE

F2A PRM AMPHIBIOUS WHEELCHAIR is made up of just six parts: The frame, two armrests, and three large wheels, making it quick and easy to assemble or take apart in just minutes. No tools needed! The wheelchair also folds down for easy transport in most vehicles and compact storage between adventures. Wherever the day takes you, F2A PRM AMPHIBIOUS WHEELCHAIR is ready to roll !
